

## **KG 1 Class Schedule**

KG 1 students will have one Google Classroom on G Suite.

KG 1 classes will start at 3:00 pm daily starting Tuesday, October 6, 2020, for the time being. This time suits most of the working parents, and frees computer use in case of older siblings. For the first few weeks, video lessons will be sent at 3:00 pm to introduce the children to the teachers and to their class and to ease them into school. You may access the videos any time afterwards. KG 1 sessions will become live online (using Google Meet) after those first weeks. We will keep you updated about the switch to live sessions.

Stories, songs, practice exercises and activities will be sent through Google Classroom. They may be used during the morning hours of the day.
